

Primary Objective

... to restore natural ecological processes and habitats that promote and sustain the native species and aquatic and terrestrial communities once found in this region of the Illinois River.

Supervise State's Biggest Fish Kill of '64

Assembled for a photograph at Canton Lake Monday are the Illinois Department of Conservation men who carried out the complete eradication of the lake. From left: Rudy Stinaver, Havana; Ken Russell,

Galesburg, supervisor of the operation; Jim Allen, El Dorado; Jim Sublett, Hebron; Leo Rock, Sterling; Ed Pickering, Oregon and Bill Fritz, Clinton.
